

Swiss Express Index Part 4 v1 : Editions 141 to 148 (March 2020-December 2021)

Part 1 covered issues 1 to 60 (January 1985 to December 1999) while Part 2 dealt with issues 61 to 124 (January 2000 to December 2015) and Part 3 issues 125 (March 2016) to 140 (December 2019). The introduction of a new magazine style in March 2020 seemed a good opportunity to begin a new Part 4 to the Index; this will be publicly updated after the December editions for the next few years.
